## PRESIDENT'S COLUMN

Ed Yosses

No, your eyes are not deceiving you! Larry Matheny has decided to focus more on bridge playing and less on bridge management. He decided to step down as President. No coup was involved! The new slate of officers for 2014 appears below. As President, I will try to maintain the (many) positive things Larry brought to our Unit while looking for ways to advance bridge in northern Colorado. Needless to say, your collective assistance will be essential. As a volunteer organization, we are only as good as our members are active. The Board will certainly seek your involvement. Feel free to indicate in advance the kinds of efforts you have an interest in contributing to our program.

We are always looking to expand our numbers. Whether it is interesting more young people, the retired crowd, or those in middle-age (is middle-age a bad word?) in bridge, we need to be ever vigilant in finding ways to promote our great game. In the meantime, support your local clubs, our Unit games and Sectionals, and be sure to contact any of the board members with suggestions or concerns.

# RESULTS & SCHEDULES

## UNIT GAME REPORT

By Larry Matheny

Our Unit games continue to have very good attendance with 23 teams in the September Swiss event. At the October Election game, Ed Yosses was re-elected to the board along with newcomers John Blankinship, Rhonda Huser, and John Wolf. The December Holiday Party was well attended with 19 tables in both the morning and afternoon Open sessions and 5 tables in each of the 199er sessions. There were many delicious treats, and Stella O'Neill did her usual good job of selecting door prizes while Jon and Barbara Gustafson chose the wines. Our thanks go to Doug Watt for organizing the 2013 Unit games.

## EDITOR'S NOTE

**The monthly Unit games, the Falling Leaves Sectional, and Thursday's Ace of Club games will no longer take place at St. John's church in Fort Collins. We are currently looking for a home for these games and will announce the new location on our webpage.**

# FALLING LEAVES SECTIONAL

The annual Falling Leaves 299er Sectional Tournament was held on November 2, 2013, in Fort Collins. In the morning session there were 18 tables in the 299er section and 5 tables in the 0-20 section. For the afternoon sessions, there were 17 tables in the 299er section and 4 tables in the 0-20 group.

Here are the overall winners and the list of masterpoint winners:

## DID YOU KNOW?

By Dawn Foltz

This is what the ACBL has to say about [Opening 1NT with a singleton](#):

On many occasions when someone opens 1NT with a singleton, someone else becomes upset with opener. Half the time it's an opponent, and the other half it's opener's partner who has transferred into the suit causing the partnership to play in a 5-1 fit when the contract should have been in notrump.

Bridge players have different understandings of what the rules are concerning opening notrump with a singleton. It has been described as illegal, immoral, unethical or fattening. The answer is almost always—none of the above.

The ACBL General Convention Chart states, "A notrump opening or overcall is natural if not unbalanced (generally, no singleton or void and only one or two doubletons)." If your notrump opening shows a balanced hand, you may occasionally pick up a hand with a singleton which you may want to treat as balanced. You may use your bridge judgment to open or overcall a notrump with a singleton, provided that: (1) It is a rare occurrence (no more than 1% of the time); (2) your partner expects you to have at least two cards in each suit; and (3) you and partner have no agreements which enable you to discover that partner has a singleton. Law 40 (Partnership Understandings) stipulate that a partnership MAY NOT have an agreement to open 1NT with an unbalanced hand.

# Jacoby 2NT -- Forcing Major-Suit Raise

By Larry Matheny<sup>1</sup>

When using a bidding system that opens 5-card major suits, there are several ways to show trump support after partner opens 1♥ or 1♠.

1. A simple raise to two (1♠-2♠), to show 6-9 pts.
2. A jump to three (1♠-3♠), can be played any of three ways, depending on your preference: 1) as a **forcing raise** (13+ pts.); 2) as an invitational **limit raise** (10-12 pts.); or 3) as a weak raise (0-5 pts).
3. A jump to game (1♠-4♠) shows limited high-card points (usually about 7-10) but great trump length and playing strength. Please note this is NOT a strong bid.

If you play the jump to three as a limit raise or weak raise, you have a somewhat awkward problem when you hold a forcing-to-game hand with trump support. One solution is to bid a new suit first, temporarily "concealing" your support and then jumping in partner's suit at your next turn (an auction like 1♠ by partner - 2♣ by you - 2♥ - 4♠). But, this takes up way too much bidding room on hands where partner might want to investigate slam.

There are a number of different conventions designed to help you describe these strong hands. One of the most popular is the Jacoby 2NT, from Oswald Jacoby, who also developed the popular Jacoby Transfers. To use this convention, your partnership agrees that after you open 1♥ or 1♠ and your partner is an **unpassed hand**, his jump to 2NT shows:

Forcing-to-game strength (13+ points)  
Good trump support (4 or more cards)

The 2NT response forces you to at least game level. It is not a suggestion to play in notrump; it shows support and asks the 1♥ or 1♠ opener to further describe his hand.

Note that the Jacoby 2NT convention is used only if responder has not previously passed in the auction. If you are a passed hand, your jump to 2NT is natural, showing a balanced hand of 11-12 points.

## Opener's rebids

In addition to giving responder a direct way to show a forcing hand, the Jacoby 2NT improves the accuracy of your slam bidding. Its biggest advantage is that it gives opener room to further describe his hand. There are a number of different meanings you can assign to opener's rebids.

Here's one of the most commonly used structures:

---

<sup>1</sup> Some of this material is from the Karen Walker library

## If you open 1 of a major and partner responds 2NT:

If you have a second 5-card suit (a semi-strong one – KJ10xx or better), show it by jumping to four of the suit. With any other hand that has a singleton or void, bid three of that short suit. After you open 1♠ and partner responds 2NT, holding a semi-balanced hand here are your rebids:

- 4♠ 11-13 pts
- 3NT 14-16 pts
- 3♠ 17+ pts

Once responder has this information, he can decide how to proceed. If he's not interested in a slam, he can just bid game. If he wants to explore further, he can cue bid a new suit to show a control. This requests opener to cue bid a control.

Let's look at some hands that show the convention in action.

(1)	♠ KJ832 ♥ A65 ♦ 10 ♣ A954	♠ A10764 ♥ KQ5 ♦ 872 ♣ K7								
	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%; text-align: left;"><b>Opener</b></td> <td style="width: 50%; text-align: right;"><b>Responder</b></td> </tr> <tr> <td>1♠</td> <td style="text-align: right;">2NT</td> </tr> <tr> <td>3♦</td> <td style="text-align: right;">4NT</td> </tr> <tr> <td>5♦</td> <td style="text-align: right;">6♠</td> </tr> </table>	<b>Opener</b>	<b>Responder</b>	1♠	2NT	3♦	4NT	5♦	6♠	
<b>Opener</b>	<b>Responder</b>									
1♠	2NT									
3♦	4NT									
5♦	6♠									

After responder uses the Jacoby 2NT convention, opener rebids 3♦ to show his singleton. This is encouraging news for responder because it means his club and heart honors will fit well in partner's hand. Knowing that his xxx suit is covered by opener's singleton -- and that opener's outside strength is in clubs and/or hearts -- responder uses Roman Keycard Blackwood to check on keycards and bids his 24-point slam.

Note that responder would evaluate his hand very differently if opener's answer to the Jacoby 2NT had been 3♣ or 3♥. Singletons in these suits wouldn't be helpful because responder's kings may well be wasted cards opposite the singleton. Over opener's 3♣ rebid, responder would just jump to 4♠ to show he no longer had interest in slam.

(2)	♠ AJ10543 ♥ AKJ ♦ 32 ♣ K9	♠ KQ72 ♥ Q5 ♦ KQ54 ♣ A62										
	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%; text-align: left;"><b>Opener</b></td> <td style="width: 50%; text-align: right;"><b>Responder</b></td> </tr> <tr> <td>1♠</td> <td style="text-align: right;">2NT</td> </tr> <tr> <td>3♠</td> <td style="text-align: right;">4♣</td> </tr> <tr> <td>4♥</td> <td style="text-align: right;">4NT</td> </tr> <tr> <td>5♥</td> <td style="text-align: right;">6♠</td> </tr> </table>	<b>Opener</b>	<b>Responder</b>	1♠	2NT	3♠	4♣	4♥	4NT	5♥	6♠	
<b>Opener</b>	<b>Responder</b>											
1♠	2NT											
3♠	4♣											
4♥	4NT											
5♥	6♠											

Opener's 3♠ rebid denies a singleton but promises a good opener. Responder shows slam interest by cue bidding clubs and opener cooperates by bidding 4♥. This shows a heart control and **denies** a first or second round diamond control. Responder now knows that the partnership has extra values and a control in every suit. Open now confirms the keycards by using Roman Keycard Blackwood.

(3)      ♠KQJ104      ♠A972  
           ♥AJ            ♥10

<u>Opener</u>	<u>Responder</u>
1♠	2♦ (game force)
3♦	3♠ (sets trumps)
4♣	4♦
4NT	5♥
5NT	6♥
7NT	

It is usually best to show a GOOD side suit rather than use Jacoby 2NT. This is the auction an expert pair might conduct with these hands. Before using any convention it's best to determine the most important thing in your hand.

(4)      ♠J32            ♠AQ104  
           ♥AJ1065      ♥KQ52  
           ♦QJ2          ♦72  
           ♣A9            ♣KQ7

<u>Opener</u>	<u>Responder</u>
1♥	2NT
4♥	Pass

Even though responder may really like his hand, he must honor his partner's description of his hand.

(5)      ♠3                ♠A874  
           ♥AJ1065      ♥KQ72  
           ♦KJ1092      ♦AQ3  
           ♣A954        ♣K7

<u>Opener</u>	<u>Responder</u>
1♥	2NT
4♦	4NT
5♥	5NT
6♦	7NT

See how easy this is to bid after opener shows a second 5-card suit?

# IMPROVE YOUR PLAY

With Larry Matheny

People who use the negative double convention sometimes forget they can still penalize the opponents. This hand is an excellent example.

**Bidding:** After South overcalled 2♦, West noted the vulnerability and passed in tempo. East made a routine re-opening double and everyone passed.

**Play:** West led the king of spades and continued with another. East won the ace and returned the deuce of spades asking for a club return. West ruffed the third spade and obediently led back a club. East won the ace and switched to his diamond. Declarer played the king and West won the ace. West then exited with a club to the queen and declarer ruffed. The rest was ugly as declarer managed only four diamonds and one heart. This meant +800 for E/W and a great matchpoint score.

South's bid was no worse than many others that are made, but a vulnerable two-level overcall is a dangerous bid.
